Topics and Law Mar 02 2023 Theodor Viehweg's classic, "Topics and Law," pioneered the renaissance of law and rhetoric that began in the 1950's and has extended down to the present. The book contrasts the deductive systematic intellectuality that has been influential since Descartes, and the more contextual, problem-oriented style inherited from classical rhetoric. It then argues, on the basis of examples drawn from two millennia of legal history, that the rhetorical or topical approach is more apt for law. Experienced on the Continent as a major critique of civilian methodology, the book should find even readier acceptance among the philosophers, comparatists, and practitioners of the common law tradition, which has always adhered to its problem-oriented and rhetorical roots.

*Legal Tech, Smart Contracts and Blockchain* Mar 10 2021 There is a broad consensus amongst law firms and in-house legal departments that next

generation “Legal Tech” – particularly in the form of Blockchain-based technologies and Smart Contracts – will have a profound impact on the future operations of all legal service providers. Legal Tech startups are already revolutionizing the legal industry by increasing the speed and efficiency of traditional legal services or replacing them altogether with new technologies. This on-going process of disruption within the legal profession offers significant opportunities for all business. However, it also poses a number of challenges for practitioners, trade associations, technology vendors, and regulators who often struggle to keep up with the technologies, resulting in a widening regulatory “gap.” Many uncertainties remain regarding the scope, direction, and effects of these new technologies and their integration with existing practices and legacy systems. Adding to the challenges is the growing need for easy-to-use contracting solutions, on the one hand, and for protecting the users of such solutions, on the other. To respond to the challenges and to provide better legal communications, systems, and services Legal Tech scholars and practitioners have found allies in the emerging field of Legal Design. This collection brings together leading scholars and practitioners working on these issues from diverse jurisdictions. The aim is to introduce Blockchain and Smart Contract technologies, and to examine their on-going impact on the legal profession, business and regulators.

**Research Handbook on Money Laundering** May 31 2020 Although the practice of disguising the illicit origins of money dates back thousands of years, the concept of money laundering as a multidisciplinary topic with social, economic, political and regulatory implications has only gained prominence since the 1980s. This groundbreaking volume offers original, state-of-the-art research on the current money laundering debate and provides insightful predictions and recommendations for future developments in the field. The contributors to this volume academics, practitioners and government representatives from around the world offer a number of unique perspectives on different aspects of money laundering. Topics discussed include the history of money laundering, the scale of the problem, the different types of money laundering, the cost to the private sector, and the effectiveness of anti-money laundering policies and legislation. The book concludes with a detailed and insightful synthesis of the problem and recommendations for additional steps to be taken in the future. Students, professors and practitioners working in economics, banking, finance and law will find this volume a comprehensive and invaluable resource.

**Business Law Today** Apr 10 2021 This accessible law text maintains high

interest and features exceptional visual appeal. While briefer than the traditional business law text, it provides solid coverage of the core topics. To help the student understand the legal topics presented, this text utilizes summarized cases. This paperback text explicitly meets the AACSB curriculum requirements.

*Progress in Applied Social Psychology* Jul 02 2020

**Law and Justice in a Globalized World** Sep 27 2022 The book consists of a selection of papers presented at the Asia-Pacific Research Conference on Social Sciences and Humanities. It contains essays on current legal issues in law and justice, and their role and transformation in a globalizing world. Topics covered include human rights, criminal law, good governance, democracy, foreign investment, and regional integration. The conference focused on Asia and the Pacific, two regions where law has taken an important position in creating and shaping the regional integrations, new legal institutions, and norms. This reconfirms the idea that the legal system is extremely important in the global world. This book provides new insights and new horizons on how law and justice took part in globalizing human interaction, especially in the Asia-Pacific region.

The Legal Research and Writing Handbook Nov 17 2021 The highly successful textbook on research and writing makes every step of the process accessible to paralegal students. The authors provide effective research tools, practical strategies and an efficient procedure for researching the law with both traditional and electronic sources. Step-by-step instruction leads students through each stage of activity, from prewriting to revising, and covers the IRAC method, legal memoranda, letters, and more. Invaluable pedagogy features examples, exhibits, expert writing tips, exercises, practice tips, ethics alerts, and web resources. Detailed subheadings provide quick access to topics, and appendices on helpful topics such as Shepardizing and Cite Checking, Citation and Sample Memoranda round out the presentation. The Student Workbook provides for extensive practice, sharpening research and writing skills. Thoroughly revised, the Sixth Edition presents new sample pages and updated exercises. Citation coverage has been updated to the 4th edition of ALWD and the 19th edition of The Bluebook. Inclusion of all the latest changes in legal research led to the revision of references, links, and examples. Students are now given more coaching on the practical aspects of outlining. The Instructor's Manual has expanded explanations, and answers to exercises and questions have been made clearer and more accessible.

Research Handbook on International Human Rights Law Aug 03 2020 This innovative and timely Handbook brings together the work of 25 leading human rights scholars from all over the world to consider a broad range of human rights topics. The book discusses a wide range of contemporary themes, for example jurisdictional issues, such as human rights in the private sphere and extra-territorial obligations. It also deals with global and regional human rights systems, intersections with other areas of international law and practice, such as international criminal law and globalisation, and specific human rights topics including terrorism and indigenous peoples. Providing an excellent grounding for scholars seeking to understand the major topics within the discipline, this topical book is accessible to the novice human rights scholar, yet of great interest to the most seasoned human rights researcher. It will strongly appeal to law academics as well as students and practitioners of human rights.

**Legal Research, Analysis, and Writing** Oct 29 2022 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. This comprehensive guide to modern legal research and writing offers a unique balance of traditional print research techniques with newer online methods. Throughout, LEGAL RESEARCH AND WRITING helps students fully understand the issues they are researching, so they can apply analytical

thinking to achieve superior results. Students discover how laws are made, how to decide which law is applicable, how to read the law, how to search legal databases, and how to apply the law in a client's unique situation. The text offers insights for overcoming research obstacles, and provides many examples, figures, and reference checklists. It also offers deep insight into effective writing, including extensive coverage of case briefs, memoranda of law, external briefs, correspondence, and pleadings. A concise review of the writing process addresses everything from pre-writing to grammar and word usage. Extensive pedagogical features include opening scenarios, lists of key terms, case excerpts, media and web resources, and many forms of practice, from Quick Check quizzes to detailed Research Assignments.

Research topics in software evolution and maintenance Aug 15 2021

*Suggestibility in Legal Contexts* Jan 08 2021 A comprehensive survey of the theory, research and forensic implications related to suggestibility in legal contexts that includes the latest research. Provides a useful digest for academics and a trusted text for students of forensic and applied psychology. A vital resource for legal practitioners who need to familiarize themselves with the subject. Includes practical suggestions for minimizing witness suggestibility in interviews. Features topics that focus on suggestibility at each stage - from witnessing a crime through to trial.

Handbook for Research in Media Law Jun 24 2022 Confronted with their first class in media law, many juniors, seniors, and even beginning graduate students may be at a loss. With little or no experience working with legal materials such as the statutes, cases, and regulations, the language and organizing principles of this specialized body of material can be confusing. The Handbook for Research in Media Law is a practical manual designed to help newcomers to media law overcome the obstacles they may encounter in working with legal materials. Students will find this book especially useful as they develop basic research plans to complete term papers or other class projects typically assigned by professors in media law courses. Designed as a "how to" primer based largely on LexisNexis Academic, this supplemental text simplifies the process by providing step-by-step procedures for conducting legal research. The book helps students locate and analyze the sources of law, both secondary and primary. This includes federal and state examples such as case opinions, statutes and regulations in terms of significant media law topics. Plus, students learn the process of accessing this information using web-based resources—efficiently and thoroughly. The Handbook for Research in Media Law is arranged in terms of strategies so

that students can conduct legal research in such topics as copyright, libel, invasion of privacy, and more. The techniques covered include locating the law, using correct citation style, analyzing and briefing primary law, and updating or "Shepardizing" the law. By providing easy-to-follow instructions, the text encourages students to work independently. Students will learn to identify both secondary and primary law relating to media law topics, and to demonstrate an understanding of their organization and significance. Sparring students many of the frustrations they typically encounter when doing legal research for the first time, the Handbook for Research in Media Law shows students how to make the most of select legal resources now available to them electronically.

Trending Topics in International and EU Law: Legal and Economic Perspectives Oct 05 2020

Handbook of Justice Research in Law Jul 14 2021 Justice—a word of great simplicity and almost frightening scope. When we were invited to edit a volume on justice in law, we joked about the small topic we had been assigned. Often humor masks fear, and this was certainly one of those times. Throughout the project, we found daunting the task of covering even a fraction of the topics that usually fall under the umbrella of justice research in law. Ultimately, the organization of the book emerged from the writing of it. Our introductory chapter provides a road map to how the topics weave together, but as is so often the case it was written last, not first. It was only when we had chapters in hand that we began to see how the many strands of justice research might be woven together. Chapters 2–4 on the basic forms of justice—procedural, retributive, and distributive—are the lynchpin of the volume; they provide the building blocks that permit us to think and write about each of the other substantive and applied chapters in terms of how they relate to the fundamental forms of justice. In the large central section of the volume (Chapters 5–9), the contributors address many ways in which the justice dimensions relate to one another. Most important for law is the relationship of perceptions of procedural justice and the two types of substantive justice—retributive and distributive.

**Issues in Internet Law** Mar 29 2020 The 7th edition of Issues In Internet

Law: Society, Technology, and the Law has been updated for 2012 with the latest cases and trends in Internet Law. Topics include: Privacy (Invasion of Privacy, Public Records, Workplace Privacy, Employer & ISP Monitoring, Data Collection, Data Retention, Data Breaches, E-Mail & Chat Room Privacy, Web Site Privacy Policies, Behavioral Marketing, Privacy & Children, Metadata); Free Speech (Defamation, SLAPPs, Gripe Sites, Blogs & Vlogs, Obscenity & Pornography, Harassment & Hate Speech, Prior Restraint & Repression, Student Speech, CDA, Anonymous Speech, Commercial Speech); Cybercrimes (Spam, Phishing, Identity Theft, Spyware & Malware, Cyberstalking, Cyberbullying, Computer Trespass, Wardriving, Virtual Crime); Intellectual Property (Copyright, Trademark, Patent, Trade Secrets, Creative Commons, Linking, Framing, File-Sharing, Fair Use, Public Domain, Work-Made-For-Hire, DMCA, VARA, Domain Name Disputes, Keyword Advertising, America Invents Act); Business & the Internet (Internet Taxation, Internet Interstate Commerce, Web Contracts, e-Discovery, Corporate Securities); Right of Publicity; Web Accessibility; Net Neutrality; Online Reputation Management; Social Media Monitoring; Podcasts; Social Networks; Geofiltering; Digital Journalism; Digital Estate Planning; Sexting; E-Books and many more subjects. Is the online contract you clicked on binding, even if you just scrolled down and didn't read it? Is e-mailed pornography from co-workers sexual harassment? Can a student be suspended for online comments about her teacher? Can stalkers find your personal information online? What can you legally put on your Web site? And what's not allowed? Do you really own your domain name? Can a library censor your Internet use? Who's reading your e-mail? Is online gambling legal? How "private" is your private information after you disclose it to a Web site? Can you be sued for making a gripe site about a business that ripped you off? Did you know the Web sites you visit and words you type into search engines are logged? Do other countries address these issues differently from the U.S.? Which country's laws apply on the Internet? These are just some of the issues addressed in this book. Issues In Internet Law: Society, Technology, and the Law looks at emerging issues heading into or recently resolved by the courts. The new edition not only has an expanded glossary, but expanded topic, statute, and case indexes as well. Concisely written and covering a broad range of topics, this is the most current book of its kind in print! Review comments: "Concise overview of Internet-related legal issues." (Law Library Journal) \* "Although it deals with the complex legal issues surrounding the Internet, it is written in layman's terms and

illustrated with 'ripped from the headlines' court cases." (Amazon) \* "The concepts and issues are presented in a way that is sufficiently rigorous but very easy to read, making the book one I can recommend." (Computing Reviews) \* "A valuable resource, well-researched and well presented." \* "I want a copy on my bookshelf always within arm's reach." \* "The anecdotal nature of the book made it very easy to understand the underlying legal concepts." \* "With the number of India's Internet users increasing, it is imperative that schools adopt this book in a way which would help young students gain knowledge about the various issues involving the Internet." (Indian Journal of Intellectual Property Law) \* "Issues in Internet Law: Society, Technology, and the Law will be a welcome addition in both academic and public law libraries... It should be acquired by libraries for its concise overview of Internet-related legal issues." (Law Library Journal)

*CHINESE LAW RESEARCH GUIDE* Aug 27 2022 A journey of a thousand miles begins with a single step. This Research Guide will be the first step in your journey with Chinese law. China grows more important every day from a global perspective. However, studying and conducting research on Chinese law can be extremely challenging, especially if you do not know Mandarin well. This book is intended as a compact but comprehensive research guide that would provide students (especially those who are preparing coursework or dissertations about Chinese law), researchers and legal practitioners with the necessary knowledge about how to conduct effective Chinese legal research.

**International and Foreign Legal Research** May 04 2023 International and Foreign Legal Research: A Coursebook, second edition by Hoffman and Rumsey, now in a second edition, is designed for classes in foreign and international legal research. Topics covered in the book range from treaty research to chapters on particular subjects of international law. Coverage also includes chapters on researching foreign and comparative law as well as major international organizations, including the UN and the EU.

Global Animal Law Research Dec 31 2022 "Across the globe, legal protection of animal rights continues to be a significant problem, and the level of protection varies dramatically among countries. Yet, no treatise has compiled resources and strategies on how to research these critical topics at both a domestic and international level. The purpose of this book is to fill the gap. Featuring 12 research experts specializing in U.S., foreign, international, and comparative law research, Global Animal Law Research collects these

experts' perspectives, knowledge, and experiences researching various animal rights and welfare topics. The chapters in this book identify, discuss, and analyze research resources, strategies, and current and emerging legal frameworks on animal rights and welfare in the laws of more than 15 countries across five continents. In addition, this book touches on a diverse set of research methods in both common law and civil law legal systems, including regulatory research, legislative research, statutory research, case law research, international agreement research, and comparative law research. Each chapter focuses on an a singular, important, and well-defined legal topic, identifying unique problems within that topic and exploring practical yet effective approaches to address these problems. With its detailed exploration of the otherwise unexplored process of researching animal law, this book will benefit a global audience of faculty and students in law schools with active animal law programs; animal law practitioners; animal law policy groups and advocates; and international animal law interest groups and organizations"--

**Brands, Competition Law and IP** Apr 30 2020 Introduces the emerging field of brand law and explores its interaction with the economics of modern branding.

**Sessional Papers** May 12 2021

*The Witness Stand and Lawrence S. Wrightsman, Jr.* Jul 26 2022 This unique volume salutes the work of pioneering forensic psychologist Lawrence S. Wrightsman, Jr., by presenting current theorizing and research findings on issues that define the field of psychology and law. Ongoing topics in witness behaviors, suspect identification, and juror decision making illustrate how psychology and law complement and also conflict at various stages in legal processes. The book also sheds light on evolving areas such as DNA exonerations, professional trial consulting, and jury selection strategies, and the distinct challenges and opportunities these issues present. Noted contributors to the book include Wrightsman himself, who offers salient observations on the field that he continues to inspire. Featured among the topics: The credibility of witnesses. Psychological science on eyewitness identification and the U.S. Supreme Court. False confessions, from colonial Salem to today. Identifying juror bias: toward a new generation of jury selection research. Law and social science: how interdisciplinary is interdisciplinary enough? Race and its place in the American legal system. With its diverse mix of perspectives and methodologies, *The Witness Stand and Lawrence S. Wrightsman, Jr.* will interest forensic researchers in

academic and applied settings, as well as individuals working in the legal system, such as attorneys, judges and law enforcement personnel.

*Research Methods and Design in Sport Management* Dec 27 2019 This text explains research design, implementation, analysis and assessment criteria with a focus on specific procedures unique to sport management.

**Research Handbook on EU Institutional Law** Feb 27 2020 Research Handbook on EU Institutional Law offers a critical look into the European Union: its legal foundations, competences and institutions. It provides an analysis of the EU legal system, its application at the national level and the prevalent role of the Court of Justice. Throughout the course of the Handbook the expert contributors discuss whether the European Union is well equipped for the 21st century and the numerous crises it has to handle. They revisit the call for an EU reform made in the Laeken Conclusions in 2001 to verify if its objectives have been achieved by the Treaty of Lisbon and in daily practice of the EU institutions. The book also delves into the concept of a Europe of different speeds, which - according to some - is inevitable in the EU comprising 28 Member States. Overall, the assessment of the changes introduced by the Lisbon Treaty is positive, even if there are plenty of suggestions for further reforms to re-fit the EU for purpose. Students and scholars will find this original Handbook to be an invaluable resource, particularly due to its focus on topics for future discussion. Researchers and policy-makers will also benefit from the points raised in this book.

Contributors include: F. Amentbrink, M. Avbelj, M. Bobek, S. Blockmans, A.B. Capik, T. Capeta, M. Claes, D. Curtin, A. Cygan, B. de Witte, M. Everson, K. Gutman, M. Hillebrandt, S.L. Kaleda, M. Kuijjer, A. Lazowski, J. Mendes, A. Sikora, K. van Duin, E. Vos

Recognizing Wrongs Jun 12 2021 Two preeminent legal scholars explain what tort law is all about and why it matters, and describe their own view of tort's philosophical basis: civil recourse theory. Tort law is badly misunderstood. In the popular imagination, it is "Robin Hood" law. Law professors, meanwhile, mostly dismiss it as an archaic, inefficient way to compensate victims and incentivize safety precautions. In *Recognizing Wrongs*, John Goldberg and Benjamin Zipursky explain the distinctive and important role that tort law plays in our legal system: it defines injurious wrongs and provides victims with the power to respond to those wrongs civilly. Tort law rests on a basic and powerful ideal: a person who has been mistreated by another in a manner that the law forbids is entitled to an avenue of civil recourse against the wrongdoer. Through tort law, government fulfills

its political obligation to provide this law of wrongs and redress. In *Recognizing Wrongs*, Goldberg and Zipursky systematically explain how their “civil recourse” conception makes sense of tort doctrine and captures the ways in which the law of torts contributes to the maintenance of a just polity. *Recognizing Wrongs* aims to unseat both the leading philosophical theory of tort law—corrective justice theory—and the approaches favored by the law-and-economics movement. It also sheds new light on central figures of American jurisprudence, including former Supreme Court Justices Oliver Wendell Holmes, Jr., and Benjamin Cardozo. In the process, it addresses hotly contested contemporary issues in the law of damages, defamation, malpractice, mass torts, and products liability.

Fashion Law Nov 05 2020 In today's highly competitive global market, fashion designers, entrepreneurs and executives need state, federal, and international laws to protect their intellectual property—their brands and the products by which their customers recognize them. *Fashion Law* provides a concise and practical guide to the full range of legal issues faced by a fashion company as it grows from infancy to international stature. Updated to reflect recent legal decisions and regulatory developments, this revised edition covers such vital issues as intellectual property protection and litigation, licensing, anti-counterfeiting, start-ups and finance, commercial transactions, retail property leasing, employment regulations, advertising and marketing, celebrity endorsements, international trade. Features of the text help to make legal concepts accessible to the lay reader. More than 25 leading attorneys practicing in the emerging legal specialty of fashion law contributed the chapters for this authoritative text, and their expertise provides a foundation for fashion professionals and their legal advisors to work together effectively. New to this Edition~Expanded section on Intellectual Property protection, including an all new Chapter 6 on Litigation~All new Chapter 10 on Fashion Finance Features~Box Features provide real-life examples that demonstrate the role that law plays in the fashion business, including landmark court cases and current events~Practice Tips discuss legal issues that should be considered as fashion designers and executives establish procedures for conducting their business~Sample Clauses familiarize readers with the legal language that covers the rights and responsibilities of the parties to agreements. Instructor's Guide and PowerPoint presentations available.

*Psychology and Law* Dec 07 2020 Written by authors with extensive

experience in the field and in the classroom, *Psychology and Law: Research and Practice*, Second Edition, offers the definitive perspective on the practical application of psychological research to the law. Curt R. Bartol and Anne M. Bartol emphasize the various roles psychologists and other mental health professionals play in criminal and civil legal matters. Topics such as family law, mental health evaluations, police interrogation, jury selection and decision making, involuntary civil commitment, and various civil capacities are included. The authors also emphasize the major contributions psychological research has made to the law and encourage critical analysis through examples of court cases, high-profile current events, and research. This comprehensive book examines complex material in detail and explains it in an easy-to-read way. New to the Second Edition: The new edition has been significantly reorganized to more closely align with the progression through the court system. A new chapter on children, adolescents, and criminal law (Chapter 8) provides you with information on adjudicative competence, comprehension of constitutional rights, and eyewitness identification and courtroom testimony. New feature boxes include case studies, research projects, and contemporary topics with discussion questions for classroom debate. Additional court cases and statutes have been integrated into chapters to emphasize the important role psychology plays in the legal process. The content is applied to real cases such as the Masterpiece Cakeshop case and the Dassey confession (comprehending Miranda). Over 300 recent research findings on topics related to psychology and law highlight cutting-edge research studies that help you understand what research does and prompt you to discuss the methodology and results. New pedagogical tables clearly illustrate complex information around ethical issues, APA amicus briefs, strengths and weaknesses of simulation studies, insanity standards within the states, effects experienced by survivors of traumatic incidents, and more. Increased coverage of contemporary issues encourage critical thinking and active learning by promoting discussions around current issues such as telepsychology, neuropsychology, adversarial allegiance, and actuarial instruments used in bail and sentence decision-making. ?

**Research Handbook on the Economics of Corporate Law** Feb 18 2022  
Comprising essays specially commissioned for the volume, leading scholars who have shaped the field of corporate law and governance explore and critique developments in this vibrant and expanding area and offer possible directions for future research. This important addition to the Research Handbooks in Law and Economics series provides insights into subjects such

as the role of directors, shareholders, creditors and employees; empirical studies of litigation and shareholder activism; executive compensation; corporate gatekeepers; comparative law; and behavioral approaches to law and finance. Topics are organized within five sections: corporate constituencies, insider governance, gatekeepers, jurisdiction, and new theory. Taken as a whole, the volume serves as an introduction for those new to the field and as a reference for those unfamiliar with some of the topics discussed. Authoritative and accessible, the *Research Handbook on the Economics of Corporate Law* will be a valuable resource for students, scholars, and practitioners of corporate law and economics. Contributors: R.B. Ahdieh, V. Atanasov, S.M. Bainbridge, B. Black, M.M. Blair, M.T. Bodie, C.S. Ciccotello, D.C. Clarke, L.A. Cunningham, A. Darbellay, S.M. Davidoff, L.M. Fairfax, F. Ferri, J.E. Research Handbook on Natural Law Theory May 24 2022 This thought-provoking *Research Handbook* provides a snapshot of current research on natural law theory in ethics, politics and law, showcasing the breadth and diversity of contemporary natural law thought. The *Research Handbook on Natural Law Theory* examines topics such as foundational figures in Western natural law theory, natural law ideas in a variety of religious and cultural traditions, normative foundations of natural law, as well as issues of law and governance. Featuring contributions by leading international scholars, this *Research Handbook* offers a valuable resource for scholars in law, philosophy, religious studies and related fields.

**Time, Law, and Change** Sep 03 2020 Offering a unique perspective on an overlooked subject – the relationship between time, change, and lawmaking – this edited collection brings together world-leading experts to consider how time considerations and social, political and technological change affect the legislative process, the interpretation of laws, the definition of the powers of the government and the ability of legal orders to promote innovation. Divided into four parts, each part considers a different form of interaction between time and law, and change. The first part offers legal, theoretical and historical perspectives on the relationship between time and law, and how time shaped law and influences legal interpretation and constitutional change. The second part offers the reader an analysis of the different ways in which courts

approach the impact of time on law, as well as theoretical and empirical reflections upon the meaning of the principle of legal certainty, legitimate expectations and the influence of law over time. The third part of the book analyses how legislation and the legislative process addresses time and change, and the various challenges they create to the legal order. The fourth and final part addresses the complex relationship between fast-paced technological change and the regulation of innovations.
